11) Review your results at the end. You will receive a personalized assessment and areas to review. Take the time to review the areas that need work. A sample of results are below. You will be taken back to the content that needs more work. This is a great time for reflection and review.

12) Once adaptive testing is complete, you will come back to the main dashboard to complete your advanced multiple choice <u>question</u> exam (for those taking Advanced <u>component of the</u> exams), and the course evaluation.
